

# Carpenter's Daughter Apprenticeship Programs

Verna F. Perry, Owner

86R24 | DUNS: 081339501 | AR STATE VENDOR 0108839

## CAPABILITIES STATEMENT

Carpenter's Daughter Apprenticeship Programs is a 501 C-3 non-profit and was established in May 2018 in Pine Bluff, Arkansas. We are committed to developing workforce training opportunity for disadvantaged workers and small businesses through apprenticeships, pre-apprenticeships, work-based learning, and career practicum programs.

We provide services by developing workforce training programs through Department of Labor Apprenticeship Standards. Our services include but are not limited to apprenticeship sponsorship, program development, skill assessment, job profiling, professional development, entrepreneurship training, WIOA training, and transitional employment services.

Our services include workforce training for agencies and employers that are customized depending on company's workforce training needs and labor demands within Arkansas Local Workforce Development Districts.

Our services are designed to work with high school youth, youth ages 16-24, and adults with low skill levels in underserved communities. This is inclusive of developing programs for local school districts, after-school programs, residential care facilities, GED programs, foster care transitional programs, rehabilitation agencies, prison re-entry and juvenile justice programs.
